

Compostable Dish Accept Counter

Çöpmak 1325 FKM Compostable Dish Accept Counter 2,2+0,55Hp Single Phase 1,5 kW

Çöpmak 1325 FKT Compostable Dish Accept Counter 2,2+0,55Hp Three Phase 2,2 kW

- Purpose: This product is designed to obtain compost from organic food waste.
- Working Organic food waste from the kitchen is ground into particles in a specially manufactured countertop garbage disposer. These particles pass through a sieve, While the parts smaller than 3 mm are thrown out of the drain pipe with water, the particles larger than 3 mm are filled into the compost bucket after washing and squeezing. 20% of compost is obtained from 100 kg of food waste.
- Countertop 1600x600x850mm inclined sink with right garbage inlet, compost reducer reinforcement for difficult garbage, 3 water spraying nozzles pushing garbage into the sink pit
- Çöpmak Compost Counter + Çöpmak ST 320K Garbage Disposal + Çöpmak KMP 1000 Compost + Energy Panel + Waste bucket included in the package. 2.2kW Garbage Disposal + 055 kW compost Engine power
- Water reinforcement that allows food waste scraped onto the countertop to go into the garbage disposal on its own.
- Magnet reinforced platform on the countertop just below the garbage inlet that prevents metal from falling into the device.
- 3-point safety lock system that stops all devices from working when the upper protection cover or compost cover is opened.
- CE and SASO product safety certificate. Metal comb positioned at the garbage inlet for garbage that should not be thrown away.
